**OFFICE MEMORANDUM**

**Subject:** Inclusion of 5% Incentive on Base Package Rates for AB PMJAY Bronze Certified empaneled hospitals

NHA has released AB PMJAY quality certification along with Quality Council of India in 2018. NHA has already issued guidelines on quality-based incentive of 10% for attaining NABH entry level accreditation and 15% incentive for attaining NABH full accreditation to empaneled healthCare providers (EHCPs).

The Governing Board of National Health Authority has now approved the grant of an incentive of 5% to be granted to EHCPs for attaining AB PM-JAY Bronze Quality Certification. This will ensure that non-accredited hospitals (NABH) empaneled under AB-PMJAY will get quality certification for better service provision to beneficiaries.

This is issued with the approval of Competent Authority.

All SHAs are to implement the same in their respective States/UTs.

Dated: 14/06/2021
